

INSPECTION INSTRUCTIONS

- a. Please open the following link:

<https://scc.mushbarf.de/login>

Log in using the **email address and password provided to you.**

After logging in, you will be taken to the **Inspector Dashboard.**

Please follow the steps below carefully:

1. Check your role

By default, your role should be Inspector.

2. Check for extra work

Review whether any extra work is assigned.

If there is extra work, it will be marked in red.

3. Check the week

Confirm that you are working within the correct week.

4. Select the Production Area

Choose the relevant production area for the inspection.

5. Check the date

Normally, as an inspector, you should select yesterday's date.

6. Write your personal code instead of name due to gdpr issue

7. Check the cleaner's input

Review the information entered by the cleaner.

8. Give the inspection score

Click 0, 1, or 2 based on your observation:

0 – Not noticeable

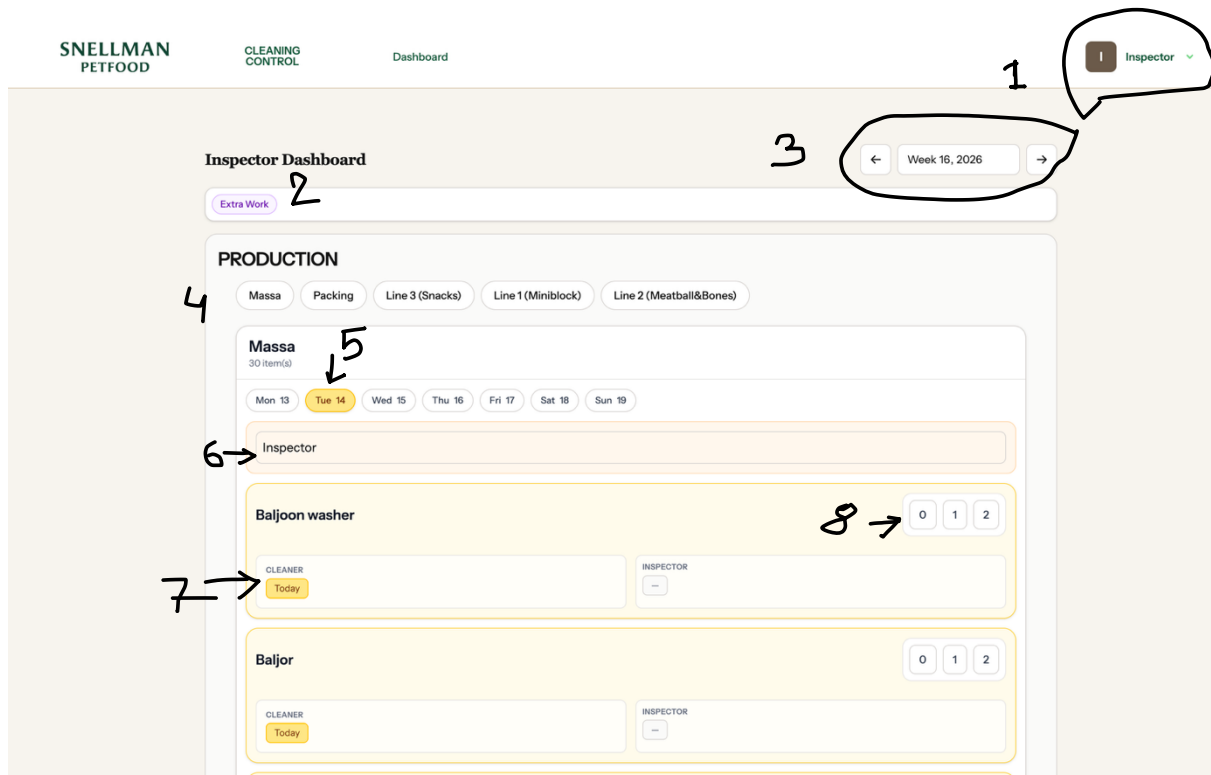

1 – Deficiency

2 – Rewash needed (necessary action should be taken)

If you need any further assistance, please email:

mari.nyland@snellmanpetfood.comase follow the steps below carefully:
